

CACHE Level 2 Technical Certificate in Working with Children in Early Years and Primary Settings

Play is extremely important to a child's development. Through play children can learn:

- ❖ New skills
- ❖ Knowledge
- ❖ Ideas

Complete the mind map below by identifying the importance of play to a child and their development. One example has been included

Practical activity

Children really enjoy creating and using their imagination and one activity which covers these areas is writing and drawing.

Could you design your own story book and/or bookmark for a child between the ages of 0-12 years?

You will need to think about:

- The age ranges your book is for
 - Include the book title
 - Author (your name)
- Make it fun and eye catching
- Include some images or drawings
