

DISCOVERY COLLEGE

PART OF YMCA PLYMOUTH

A path way to success *with a* Supported Internship

Sport & Leisure • Hospitality • Green Space

Supported Internships are designed for young people aged 16–24 with an Education, Health and Care Plan (EHCP). They provide the chance to gain hands-on experience in a real workplace, with tailored support, while preparing for a future in paid work.

Here for you

If your young person has an EHCP and you're looking for a programme that offers full support while helping them take steps into the world of work, our Supported Internship could be the ideal next step!

Benefits

Develop practical skills in a role that matches their interests, while building confidence, independence, and social skills.

Get tailored support from our staff who understand their needs.

Gain qualifications and experience for their future. As well as, getting guidance with Access to Work applications and workplace adjustments.

This study programme will last 6-months to 1-Year depending on their progress and progression plans.

Next Step

Talk to your young person about their goals and what they want to do.

You can also visit us at Honicknowle Lane, Plymouth PL5 3NG. Take a tour of our college, meet our friendly tutors, and let us guide you through the process.

If you have any questions, contact us by calling 01752 761011, or email enquiries@discoverycollege.org.uk
